

van Heek textiles

Date

23 July 2020

Subject

Animal derivatives

Dear customer,

We herewith confirm that our products do not contain animal derivatives. No animal components and residues are derived or processed for the production of our materials.

During our manufacturing process no tests on animals are conducted. However, some used chemicals were initially tested on animals due to legal liability in accordance with human product safety requirements.

Kind regards,

L. van Heek Textiles BV
